Dear Mr. Uliano:

On behalf of the American Hospital Association, I would like to take this opportunity to recognize the contributions of Dottie Conroy as a volunteer leader in the *American Society for Healthcare Central Service Professionals (ASHCSP)*.

ASHCSP, one of AHA's personal membership groups, is an important part of AHA and contributes greatly to AHA's efforts to meet the needs of our members and the American healthcare system.

This leadership role requires a considerable contribution of volunteer time, energy and expertise to the work of AHA and this society. Without the efforts of leaders like Dottie, the work of AHA and its related societies would not be possible.

I also want to thank you. Organizational support for individuals who assume a leadership role in their professional society is critical. We greatly appreciate your support.

Sincerely,

Lindsay M. Robinson, CHE
Vice President
Division of
Personal Membership Groups
